(short radio edit)

I know that God, my God
God is good
God my God, God is good
You know that he
Brought me out of darkness
God is good
You know that he saved my soul
God is good
Said he saved my soul
God is good
I said that he saved my soul
And then he
Brought me out of darkness
God is good

You know that he guides
My every footsteps
God is good
Said he guides my every footsteps
God is good
You know that he guides my
every footstep
Then he saved my soul
Then he brought me out of
darkness
God is good

.....

Then he put food on my table
God is good
Said he put food on my table
God is good
Said he put food on my table
Then he put shoes on my feet
So he could guide my every
footsteps
Jesus saved my soul
And then he brought me out
of darkness
God is good

Then he made a way
God is good
Said he made a way
God is good
I said that he made a way
And Then he put food
on my table
Then he put shoes on my feet
So he could guide my
every footsteps
Jesus saved my soul

And then he brought me
out of darkness
God is good

You know that he healed my
every sickness
God is good
Said that he healed my
every sickness
God is good
I said that he healed my
every sickness
With no money in my pocket
He still made a way
Out of no way

And then he brought me out of
darkness

God is good

God is good

(End)
