Started out cause disappointment  
Always came my way  
But God set me up  
With an appointment  
For sunshine on a cloudy day  
I use to feel so lonely  
Like I didn't love myself  
No joy on the inside  
And no love from nowhere else  
I never felt this way before  
Even when I didn't have enough  
He still paid it all  
Good to be loved  
There were some nights  
That I had to cry  
But he wiped away the tears  
And then he opened my eyes  
Good to be loved

Makes me feel kinda special  
The kinda love that I don't deserve  
The kinda love he gave his life for  
No greater love on this earth  
Sometimes I often wonder  
This I may never know  
Why he life for somebody like me  
Why does he love me so  
Searching for the answer  
Why would you give your life  
For a friend  
Searching for the reason  
Why love me beyond my sins  
You've got to fight  
Through your midnight

But joy comes with the morning light  
You can overcome  
Don't give up  
Don't turn back  
Don't you run away  
From his love

And it's so good to know  
I found someone  
I can depend on anytime  
And if I'm lonely or scared  
And if I'm happy or sad  
Lord you never fail  
To make me feel complete

Whatever your situation  
Know that God is there  
Said he'll never leave  
And in him you can trust  
He cares  
He reserves the right  
To test and to make us strong  
And I know for myself  
Since I've been with the Lord  
I'm not alone  
I never felt this way before  
Even when I didn't have enough  
He still paid it all  
Good to be loved

There were some nights  
That I had to cry  
But he wiped away the tears  
And then he opened my eyes  
Good to be loved
