Trouble on every side  
Yet not distressed  
Cast down but not destroyed  
My victories in him  
Perplexed but not in despair  
I just won't give up  
My life is not my own  
Christ lives in me  
For his word in my heart I am sure  
In the midst of the storm I'm secure  
If I lay down my life  
I'll gain it again  
My victory in him says I win  
My victory in him says I win

Sometimes it gets so hard  
To live this life  
Sometimes you'll even feel lonely  
But you're not alone  
He that raised up our Lord  
Shall raise us by him  
Only through holding on  
In faith can we win  
For his word in my heart I am sure  
In the midst of the storm I'm secure  
If I lay down my life  
I'll gain it again  
My victory in him says I win  
My victory in him says I win

I won't be persuaded  
By the things that I see

I'll stand on his word  
Then I'll trust and believe  
I will stand in your power  
There is no defeat  
My victory in him says I win  
My victory in him says I win

Ohh

Hope, faith, surrender  
Grace, love his mercy  
God his son his spirit

Through all things  
That you go through  
Through all things  
That challenge you  
Through all things  
God promised you  
I have the victory
